### ***Important Information***

Effective January 1, 2017, the late payment charge, which may be applied to bills paid after the due date, will increase to a rate of 0.911% per month and the interest rate paid on deposits held by FairPoint as security for telephone bill payment will change to an annual rate of .63%. Both the late payment charge rate and the deposit interest rate are mandated by the Maine Public Utilities Commission.

### ***Important Message Regarding Federal Charges***

Effective January 1, 2017, the Federal Subscriber Line Charge may change on residential main and additional telephone lines, single and multi-line business lines, Centrex lines, and ISDN BRI or PRI lines. This charge helps pay for the costs of providing and maintaining the local network. If you receive Lifeline program support, you may also see a change in your local service rate if the Subscriber Line Charge changes.

In addition, your Federal Universal Service Fund (FUSF) surcharge may change effective January 1, 2017. The FUSF surcharge, which is authorized by the FCC and reviewed quarterly, helps fund programs that provide discounts to schools, libraries, rural health care providers and low-income families. This charge is not applied to Lifeline program participants, except for the FUSF surcharge on incidentals.
